Just the weather for a trip by train.

When the Weather Forecast looks like this, you know what can happen. Chaos on the motorways, delays at airports. If you've got to be somewhere, whatever the weather, there's only one way to go. Inter-City.

And not only because it'll get you there. But because of the way it gets you there.

Quickly. In comfort. With

room to stretch your legs when you feel like it. The space and relaxed atmosphere to prepare for the day's business - or even get half of it done before you arrive. And often the opportunity for a meal or a drink as you go.

So if you have to be miles away for a meeting when you'd rather not go out at all, just travel Inter-City. And relax.

 *Have a good trip!*

47) Trains cannot run because of the weather.
